In any moment of decision the best thing you can do is the right thing, the next best thing is the wrong thing, and the worst thing you can do is nothing.

COUNCIL CORNER

Thank you for all our parents who support our Council/Society initiatives. The on-going support and involvement is most appreciated and welcome! A special thank you to all the volunteers for their contributions to making the “Holiday Gift Shop” a memorable shopping experience for all our students. We hope all families appreciated the “surprise” when they opened their gifts. We would also like to recognize Adelle Sloan for her efforts in coordinating the Farm to School fundraiser, and Jodie McFadzen and Erica Boddez for their dedication to our QSP subscriptions success. All are very successful projects which will help support student initiatives.

ACCOUNTABILITY PILLAR

As an annual check-up on the education system, the Accountability Pillar provides an opportunity for Alberta Education and school authorities to ensure that we are equipping students for success.

The Accountability Pillar uses a set of 16 indicators consisting of surveys of students, parents and teachers on various aspects of quality; student outcomes such as dropout and high school completion rates; and provincial assessments of student learning.

From January to the end of February, Alberta Education will be conducting the annual Accountability Pillar Survey. In January, parents of students in grades 4-6 will receive a survey from Alberta Education. In February, students in grades 4-6 and all teachers will be completing their surveys online at school.

All surveys are anonymous and ask questions about experiences with the school. In addition to English and French, the parent survey is available in Chinese, Punjabi, Arabic, Blackfoot, Cree, Korean, Spanish, Tagalog and Urdu.

Your participation in the survey helps provide important information on the quality of education your child is receiving, so we encourage you to return your survey promptly.

Survey results will be available to school authorities in May 2016, and will be reported publicly as part of their 3-Year Education Plans and Annual Education Results Reports.
